### **7. Dispute resolution**

Part 4 of the Act provides for the Road Safety Remuneration Tribunal, on application, to deal with certain disputes about remuneration or related conditions.

## **Part 3—Contracts**

### **8. Supply chain contracts**

**8.1** Clause 8 applies in relation to a road transport contract and a contract for the carriage of goods irrespective of when the contract is made, including whether the contract is made before, on or after the day on which this order commences.

**8.2** A participant in the supply chain in relation to a road transport driver must take all reasonable steps to ensure that any contract that the participant has with another participant in the supply chain does not contain any provision that is intended to have

the effect, or that has the effect, of preventing or impeding compliance by a hirer, who engages a contractor driver, with the requirements imposed by this order.

**8.3** Subclauses 8.3 to 8.12 apply to a person who, in a financial year, is both:

- (a) a party to a contract for the carriage of goods, and that contract concerns the transport of a thing in respect of which a road transport driver is providing road transport services; and
- (b) the hirer to whom a contractor driver is to provide road transport services under a road transport contract in respect of the thing referred to in subclause 8.3(a).

**8.4** Subclauses 8.3 to 8.12 also apply to a person in subclause 8.5(a) or (b).

**8.5** The hirer referred to in subclause 8.3 must permit the following persons to conduct an audit of the hirer's compliance, in relation to the contractor driver, in the relevant financial year with the requirements imposed on the hirer by Part 4 of this order:

- (a) a person who is the other party to the contract for the carriage of goods referred to in subclause 8.3(a);
- (b) a person, other than the hirer, who in the relevant financial year is a party to a contract for the carriage of goods with the person referred to in subclause 8.5(a), and that contract concerns the transport of a thing:
  - (i) in respect of which a road transport driver is providing road transport services; and
  - (ii) the road transport services in respect of which are provided by the contractor driver under the road transport contract referred to in subclause 8.3(b).

**8.6** Subclause 8.5 only requires the hirer to permit a person referred to in subclause 8.5(a) or (b) to conduct an audit in relation to a financial year if the person is, in that financial year, a party to a contract for the carriage of goods that singly provides, or to two or more contracts for the carriage of goods that collectively provide, for the carriage of goods on 270 or more days in that financial year.

**8.7** A person permitted to conduct an audit under subclause 8.5:

- (a) must conduct it by 31 December immediately following the end of the relevant financial year; and
- (b) may conduct it by reviewing all, or a reasonably representative sample, of the records referred to in subclause 8.9(b).

**8.8** The hirer must take all reasonable steps to facilitate the conduct of the audit referred to in subclause 8.5.

**8.9** Without limiting subclause 8.8, all reasonable steps include:

- (a) advising the person referred to in subclause 8.5(a) by 31 August immediately following the end of the relevant financial year that in that financial year the hirer was a party to the road transport contract referred to in subclause 8.3(b); and
- (b) complying with any reasonable request by a person referred to in subclause 8.5(a) or (b) for access to records that show the hirer has complied, in relation to the contractor driver, in that financial year with the requirements imposed by Part 4 of this order.

**8.10** The person referred to in subclause 8.5(a) must take all reasonable steps to notify the person referred to in subclause 8.5(b) by 30 September immediately following the end of the relevant financial year of any advice received under subclause 8.9(a).

**8.11** If the person referred to in subclause 8.5(a) or (b) forms a reasonable belief, arising out of the audit, that the hirer has not complied, in relation to the contractor driver, in the relevant financial year with the requirements imposed by Part 4 of this order:

- (a) the person must give written notice of that belief to the hirer; and
- (b) the written notice referred to in subclause 8.11(a) must:
  - (i) set out the nature of the non-compliance and the action required to rectify it; and
  - (ii) require the hirer to rectify the non-compliance within 28 days after the giving of the notice.

**8.12** If the person who gives a written notice under subclause 8.11(a) is not reasonably satisfied that the non-compliance has been rectified by the hirer as required by the notice, the person must immediately advise the Fair Work Ombudsman of:

- (a) the person's reasonable belief that the hirer has not complied, in relation to the contractor driver, in the relevant financial year with the requirements imposed by Part 4 of this order; and
- (b) the nature of the non-compliance.

**9.2** A hirer who engages a contractor to provide a road transport service which does not involve a long distance operation may pay the contractor driver under clause 10, instead of clause 9, for each day the contractor driver necessarily travels 400 or more kilometres in providing the road transport service.

**9.3** A hirer who engages a contractor driver to provide a road transport service which does not involve a long distance operation may pay the contractor driver for the road transport service by a method other than that in subclauses 9.1 and 9.2, provided that the other method does not result in the hirer paying the contractor driver, over a period of 28 consecutive days, an amount which is less than the amount the hirer would have had to pay the contractor driver under subclauses 9.1 and 9.2 over the period of 28 consecutive days.

**9.4** A hirer who, under subclause 9.3, pays a contractor driver by a method other than that in subclauses 9.1 and 9.2 must:

- (a) at no less than the relevant rate per hour in Schedule B for each hour, (and pro-rata for any part of an hour), that the contractor driver necessarily spends in providing the road transport service; and
- (b) at no less than the relevant rate per kilometre in Schedule B for each kilometre that the contractor driver necessarily travels in providing the road transport service.

**10.2** A hirer who engages a contractor driver to provide a road transport service which does involve a long distance operation may pay the contractor driver for the road transport service by a method other than that in subclause 10.1, provided that the other method does not result in the hirer paying the contractor driver, over a period of 28 consecutive days, an amount which is less than the amount the hirer would have had to pay the contractor driver under subclause 10.1 over the period of 28 consecutive days.

**10.3** A hirer who, under subclause 10.2, pays a contractor driver by a method other than that in subclause 10.1 must:

- (a) keep records which set out the amount the hirer would have had to pay the contractor driver under subclause 10.1 over the period of 28 consecutive days and how that amount has been calculated; and
- (b) pay the contractor driver the difference between the amount the hirer has paid or is to pay the contractor driver, under subclause 10.2, over the period of 28 consecutive days and the amount the hirer would have had to pay the contractor driver, under subclause 10.1, over the period of 28 consecutive days; and
- (c) generate a valid taxation invoice for the contractor driver covering the difference between the two amounts in subclause 10.3(b) and must pay the contractor driver the difference between the two amounts within 30 days after the period of 28 consecutive days.

## **11. Facilitative provisions**

**11.1** For the purposes of clauses 9 and 10, each hour, or part thereof, that the contractor driver necessarily spends in providing the road transport service includes, but is not limited to:

- (a) each hour, or part thereof, during which the contractor driver is required by the hirer to be at the disposal and/or direction of the hirer; and
- (b) each period of rest time of 30 or less continuous minutes that the contractor driver is required by law to rest, unless another road transport driver is driving the vehicle used in the provision of the road transport service while the contractor driver is taking such rest time; and
- (c) each hour, or part thereof, that the contractor driver is, or is assisting or supervising another person who is:
  - (i) driving a vehicle used in the provision of the road transport service; and/or

- (v) inspecting or attending to a load on the vehicle and/or a trailer used in the provision of the road transport service; and/or
- (vi) refuelling the vehicle used in the provision of the road transport service, where the provision of the road transport service requires more fuel than the fuel tank of the vehicle can hold; and/or

- (viii) waiting in a location because of a natural disaster (eg flood or bushfire) or other emergency, provided that only up to a maximum of eight hours of such waiting in any period of 24 hours shall be counted and provided the contractor driver advised the hirer as soon as possible of the waiting and took all reasonable measures to minimise the waiting.

**11.2** For the purposes of clauses 9 and 10, each hour, or part thereof, that the contractor driver necessarily spends in providing the road transport service does not include any hour, or part thereof, which is lost because of a breakdown in a vehicle and/or trailer supplied by the contractor driver or an accident involving the contractor driver.

**11.3** For the purposes of clauses 9 and 10, each kilometre that the contractor driver necessarily travels in providing the road transport service is counted:

- (a) from the work site or depot where the contractor driver is principally engaged by the hirer; or
- (b) where the contractor driver is not principally engaged at a work site or depot, from a location specified by the hirer which is reasonable taking into account the road transport service provided by the contractor driver; and

A.3.1.1 Where the contractor driver supplies the vehicle and there is no trailer or the hirer or the driver supplies the trailer(s) used in the provision of the road transport service, the relevant rate per hour and relevant rate per kilometre is in the tables in subclauses A.4.1 to A.4.10 of this Schedule A and is that which applies to:

- (a) the Transport Worker Grade of the driver providing the road transport service; and
- (b) whether a trailer is used in the provision of the road transport service and, if so, whether the hirer or the driver supplies the trailer(s) used in the provision of the road transport service; and
- (c) the type of trailer(s), if any, used in the provision of the road transport service; and
- (d) the class of the vehicle the driver supplies and which is used in the provision of the road transport service.

### **A.3.2 Transport Worker Grade**
